

10 sec graph, Domain and Range, Linear, Quadratic, Exponential, Radical, and Rational Worksheet

Description

This worksheet reviews the domain and range of the main function types of the course. It also reviews graphs of the basic functions. This can make for a good final exam review.

Prep Work

Print a worksheet for each student.

Instructions

- **Pre Activity**

None

- **Activity**

Give the students time to complete the worksheet.

Have students volunteer to come to the board and explain their answers.

- **Post Activity**
