

Expanded Exercise Worksheet

Description

This worksheet is an expansion of a couple application exercises found in the homework sets. Students can work on these in small groups or individually, allowing them to get help from each other or the instructor if needed.

Prep Work

Create an expanded version of a problem or two from the exercise set. See suggested exercises listed in the instructors manual.

Instructions

- **Pre Activity**

None

- **Activity**

Have students work through the expanded exercise worksheet. You may want them to discuss their progress in small groups to help them progress in a timely manner.

- **Post Activity**

Have students discuss the process to do the problem and how they thought about it.

Time Required

15-20 minutes
